VOUVRAY

Location : Touraine.

Soil : Siliceous clay soil.

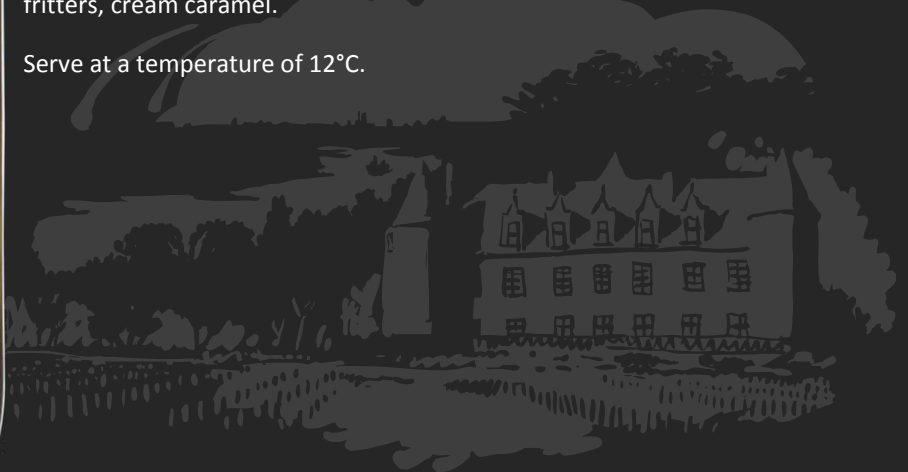

Grape Varieties : Chenin Blanc 100%.

Production technical data : Slow pressing before temperature controlled vinification at 18-20°C. Fermentation is arrested when the right sugar/alcohol balance has been reached, aging on the lees for 4-5 months before being bottled.

Tasting notes : Straw yellow appearance with golden highlights. On the nose, the wine is rich with subtle aromas of almond and acacia, complemented by fresh grape and honey notes. On the palate, the wine is soft and well-balanced with lovely length due to the freshness provided by the Chenin Blanc.

Perfect food pairings : Foie gras, rolled fillets of veal, acacia flower fritters, cream caramel.

Serve at a temperature of 12°C.
