

# Domaine des grandes Espérances

## Songé d'une nuit d'été

Wine table  
- Late harvest Chenin Blanc 100% -

*Domaine des Grandes Espérances («High Hopes Estate») certainly lives up to its name. Child prodigy of the Saget La Perrière stable, the estate adopts a liberal, poetic style. With its undeniably contemporary spirit, it is sustainably farmed, in line with the Terra Vitis approach, French pioneer of sustainable viticulture. But even if good sense is at the heart of the estate's inspiration, pleasure is no less important. The wines are generous and festive, exuding charm and promise. High hopes indeed...*

**Terroir/Grape varieties :** Songé d'une Nuit d'Été is an extraordinary wine from a few rows of Chenin Blanc grown on clay loam soil.

### Production technical data :

The exceptional weather conditions in late autumn enabled us to make this late harvested wine.

We went through the vineyards twice, harvesting by hand, at the start and at the end of November. The botrytized Chenin grapes were then slowly and very gently pressed in a pneumatic press.

Natural fermentation and aging take place entirely in barrel.
